## ABOUT ME

I am a motivated learner passionate about technology, problem-solving, and continuous growth. I enjoy building creative solutions and working in collaborative environments.

## EXPERIENCE

### Flutter Developer

DIGI Express

May 2025- Present

Built and maintained the company's Android app with Flutter, focusing on UI design, API integration, and performance optimization.

### Teacher Assistant & Tester

ANT Technology Training Center

March 2024 - April 2025

Assisted students with IDE installation and configuration, set up development environments, and performed user-experience testing to identify bugs in mobile and web applications for projects at ANT and the Ministry of Posts and Telecommunications (MPTC).
